

APARTMENT COMMUNITY MANAGERS GROUP

Our mission is to provide an opportunity for rental property managers and residents to share responsibility with the local police and municipalities for creating and maintaining a safe housing environment. To be successful, all parties must coordinate their efforts in the following areas:

- » Properties should be managed in ways that prevent and discourage illegal activity.
- » Residents and neighbors should learn to recognize illegal activity and report it.
- » Property owners and management must make a commitment to immediate action when illegal activity begins.
- » Law enforcement and municipalities must work in cooperation with both property owners and residents in their effort to keep illegal activity out of rental properties.

If we all work together, we can improve the quality of life for residents living in rental properties, maintain property values for owners, and the integrity of the neighborhood.

The Meridian Police Department Apartment Managers Group is designed to reduce crime, drugs, and high calls for service on multi-housing properties as well as provide an avenue for open communication amongst law enforcement and multi-housing property management.
